“ I was so sad to hear about Bryan's death. He was always such a cut up and always made me laugh. I have fond memories of our days at Calhoun High and all those band trips. He was always the life of the party of the band bus and could recite the entire "purple rain" album. He will be missed. I can still hear him laughing.....our loss is Heaven's gain. You all are in my thoughts and prayers now and in the days and months ahead.....

“ *Joann and all close family to Bryan. I thought the world of Bryan. I really have no words that can express how I feel now. Bryan treated me as family from the first time we met. Bryan will be missed in all of our lives and hearts but will never be forgotten by me or anyone that knew him. He was just that way. Great guy. Only the one we all beleive in knows why he was called home now. Be strong that he will now have peace.*

“ Bryan was a great friend to Joy and me. We kept in contact up to the end and I will have a hard time driving up I-75 and not pulling off at the Resaca exit. Mrs. Coker and Bryan were a great team for many years at C & C Electronics. We had many, many good times and memorable ones. He was an excellent father, son, brother, uncle, friend, etc... Bryan will be missed!

“ I just wanted to send my sympathies to Bryan's family. We went to Calhoun High together and was such a cut up. He was always joking, laughing and willing to do anything once. Later we met again when he started going to Calhoun Community Church where I go. He was such a great guy. He will be greatly missed.

“ I hadn't seen Bryan in quite a few years, but he invited me to the very first birthday party I ever got to go to, I dont even recall how young we were, I just know they hadnt been living in that house to long, I thought it was the most awesome house and pool ever, I had a wonderful time. I will always cherish that as one of my childhood memories, and appreciated him thinking enough of me to ask me to come. My thoughts and prayers go out to all his family and friends, he will surely be missed.
