“ Hi David, Well it has been 3 years now since you left us for a better place. We all (most of us) feel as though you are still here. At least you don't have to put up with all the trouble-makers you left behind, and they know who they are. Well I hate to cut this short but I have stuff to get done today. Hope your having a great time. Hope to join you soon. My body can't take this cold weather anymore. Love you always, Grandma...

“ Uncle David it was a shock and a sad day when I heard you were no longer with us. I have enjoyed seeing and spending time with you over the years and loved your personality. You have always been very kind, loving and humorous with me. I am so sad that I didn't get to see you before you left, we were living so close to one another again. I loved those times at Gemini's, J&G's and many other places with ya. I am so glad that you will be with my Dad and beloved Aunt Tiny, I miss them so very much. I know I will be with all of you again. I have a happy heart knowing the you are going to be with Dad, Aunt Tiny, Grandma, Papa and Norman, not to mention the many other love ones that we have lost here. I love you all and look forward to sharing eternity with you all. You are in the greatest hands with our Lord. Your life of love, happiness and health has now began forever in heaven. There are many here that have a sad heart without you, I pray they get comfort knowing that you will always live in our hearts and we will be together again. This is not Good-bye my dear Uncle, just see you later. I love you and God bless you. Leanne Marshall Post

“ We never lose those we give to God. May you always walk in sunshine and with God's love around you. The happiness you gave us no one will ever know. Even though you have gone to be with God you are still in my heart. I will miss you. My deepest sympathy to your family. Love Sister-n-law Maria

“ Uncle David I hope you know that even though I did not visit you alot while you lived here I thought about you and understand I miss you. Like we all did in this family, we had our arguements but that does not change the fact that you were and always will be loved by not only me but by everyone. You were sarcastic and some would say mean. I would not say mean. I would call it honesty and if theres one thing people can't handle, it seems to be honesty. But anyhow let me wrap this up, I am sure you are busy. I am sure alot of people up there want you to cut their hair. Hope you are at peace. But just one question, who is gonna cut my hair now? Bye for now love ya and miss ya. Barbara Ann

“ *The Bible says that when we are absent from our body we are sitting in the presence of God. I trust in that and it comforts me. I like to think that angels are taking special care of you right now Uncle, and I hope that their gentle presence eases your spirit. I hope you are having a beautiful reunion with those who had gone before you, that you are not troubled by the deceitfulness of some left behind and that you feel wrapped in all the loving thoughts from those of us who cared so deeply about you. I miss you terribly.*

“ *Hi David, I hope you can hear me talking to you. I miss you so much. Just wish I had come down to be with you sooner. If we were told the shape you were in I sure would have been here to help you out. Every one misses you so much. It is not the same with you gone. I know you took a piece of all our hearts with you. We never show how much a person means to us until they're gone and you sure meant a lot to all of us. I see and hear you every day. It's real hard to go on. Hope to see you again real soon. Love and miss you more than you know. Love grandma*
