“ The way you describe the NPR rporet is a bit misleading. As a recent immigrant, shopkeeper may be one of the few jobs available to her, and should not be used to diminish her reputation. If you listen to the rporet, she does not claim to be a part of Kim's inner circle, but a person involved with cross boarder trade and crime. Her rporets are strikingly similar to countless others made by N. Korean defectors.Do you have any evidence that suggests N. Korea has been framed in this? Considering that both China and the US are united on this issue, which is not true in too many places, I think it lends a fair amount of credibility to the situation.

“ I am so sorry to hear of Ted's passing. We used to live almost next door to each other when we were children. I used to enjoy spending time with both Ted and Jeff, as well as their parents Jack and Jane Dyer. We all used to go to those annual 4H camp trips at Rock Eagle. I ride through our old neighborhood sometimes and think about the people I once knew who used to live there. Astonishingly several still live there. Ted will be greatly missed. He was a fine example to all those young 4H'ers he spent time with and all the rest of us too. My thoughts and prayers are with your family. Jim Chitwood
